#### Disqualified works:

#### NOTE:

Since there was a misunderstanding regarding the current local Time in Romania because of the fact that between 27<sup>th</sup> of March and 30<sup>th</sup> of October 2016 the local time is GMT+3 and for the rest of the year the local time is GMT+2 and because in the communication of the BETA 2016 competition this aspect was not clear (in some materials, the deadline was communicated as 24:00 Romania time (GMT+2) and in others 24:00 Romania time (GMT+3)), the organizers apologize for this aspect and decide to accept the works submitted 1 hour later than the 24:00 hour Romania time. Therefore, **the works TAO18 and ZZS88 are accepted in the competition.**
